Dear Colleague

I, on my own behalf, and on behalf of the Organizing Committee of the 30th Annual Conference of the Society of Toxicology (STOX), India invite you to attend the event which is being jointly organized by Jamia Hamdard (Hamdard University) and STOX (India) at New Delhi on 29th and 30th November, 2010.

This conference will bring together toxicologists from India and abroad and provide an opportunity of scientific discussion on emerging issues in the field of toxicology. It will also be a learning experience for young toxicologists to interact with some of the stalwarts of toxicology who will grace the occasion. Overall, the focus of the Conference would be on the few themes such as:

- **Use of herbals as therapeutics in toxicity prevention**
- **Toxicological implications in GM foods**
- **Regulation of nanomaterials with special focus on their toxicity**
- **State of toxicology education in India**

However, there will be sessions for keynote addresses, and oral and poster presentations on several contemporary themes.

Needless to mention that Jamia Hamdard is one of the pioneering institutions involved in teaching and research in toxicology in India. In the 21st year of its existence the University envisages to showcase this event and to celebrate its global alumni and their contribution to growth and popularity of toxicology.

The host city Delhi has a long history which is reflected in beautifully preserved monuments spreaded all over the landscape of the city. In October this year Delhi will be hosting the 19th Commonwealth Games and has prepared itself with all the modern civic amenities for the event.

I am confident that your participation in this Conference will make the Conference a memorable experience both scientifically and personally.

Prof. S. Raisuddin
Organizing Secretary

Conference Venue

The Conference is proposed to be organized at the historic Hamdard Convention Centre of the University. Delhi city is well connected to all major cities of world and India by air and nationally by rail and road links. The University is located near lush green Jahanpanah Forest of South Delhi about 25 km from airport and railway station. After confirmation of registration we will issue travel and pickup advice to each participant. During the month of November it is winter season (~ 20 C). Participants may need to wear light warm outfits.

Sight seeing: Depending on number of requests sight-seeing tours may be organized for Delhi City and nearby places of tourists' interest such as Agra (Taj City, about 200 km) and Jaipur (Pink City; about 250 km).

Sponsorship: The Organizing Committee seeks sponsorship for events, exhibition and advertorials from national and international agencies, industry and other stakeholders. The Organizing Secretary may be contacted for detail.
